ROLE OF CERTIFIED PEER RECOVERY SPECIALIST

The Certified Peer Recovery Specialist (CPRS) credential is for individuals with personal, lived experience in their own recovery or as a family member or loved one with substance use and/or mental health disorder(s).

CPRS services are an important component in recovery-oriented systems of care. By offering insight, CPRSs are able to provide a unique perspective to those with similar life experiences.

The role of the CPRS reflects a collaborative and strength-based approach, with the primary goal being to assist individuals and family members in achieving sustained recovery from the effects of substance use and/or mental health issues. CPRSs are not clinicians; they serve in a supportive role within the community and/or treatment setting. They do not replace other professional services; they complement the existing array of support services.

The CPRS is not a sponsor, case manager or a therapist but rather a role model, mentor, advocate, and motivator.

Services provided by the CPRS are a critical component of services that will substantially improve an individual's ability to sustain recovery and wellness.

CERTIFIED PEER RECOVERY SPECIALIST REQUIREMENTS

All requirements below must be met to apply. All required documentation must be sent in with an application except for the official college transcript which is sent to RICB directly prior to application.

FORMAL EDUCATION

REQUIRED: Minimum high school diploma/GED.

Degree documentation can be sent in lieu of a high school diploma/GED.

The degree must be from an accredited college/university that is recognized by the US Department of Education or the Council on Higher Education Accreditation. An official transcript sent directly from college/university is required. If the degree is from outside the United States, a degree equivalency must be done by an organization that specializes in that process. The applicant is responsible for arranging this process and all costs.

Official transcripts are required and must be sent directly from college/university to RICB prior to application.

Official transcripts may be mailed to RICB or emailed to info@ricertboard.org.

It is recommended you request transcripts approximately three weeks prior to sending in your application.

If you have a sealed official transcript in your possession, you may mail it in the sealed envelope to RICB prior to your application arriving or mail it in with your application.

If you have outstanding debt or other issues which prevent the college/university from releasing your official transcript, you must resolve these issues with the school prior to applying for certification.

EDUCATION/TRAINING

REQUIRED: 46 total hours of relevant education/training specific to the Peer Recovery Specialist domains.

10 hours must be in the Advocacy domain.

10 hours must be in the Mentoring/Education domain.

10 hours must be in the Recovery/Wellness Support domain.

16 hours must be in the Ethical Responsibility domain.

Education is defined as formal, structured instruction in the form of workshops, trainings, seminars, in-services, college/university credit courses, and online education.

There is **no limit to the amount of online education** that may be submitted.

Most three-credit college/university courses count as 45 hours. One training CE/CEU counts as one hour.

Out of state education is acceptable.

All education/training must be documented. College courses are documented with an official college transcript. Trainings are documented with copies of training certificates.

Training certificates must have the applicant's name, title of training, date(s) of training, the number of hours being awarded, and the name of training organization. Training certificates submitted without this required information on them will not be accepted.

If a training title on a certificate of attendance does not clearly indicate the education content, attach a copy of the training description.

Training registration forms and/or training sign-in sheets are not acceptable forms of documentation.

Training must be non-repetitive meaning the same training cannot be claimed more than one time even if the training is taken on different dates from different providers.

Official employer training tracking system/learning management system reports may be acceptable forms of documentation for education/training provided that the report contains the name of the employee/applicant, titles of each training, dates of each training, the number of hours of each training, and is signed by the applicant's supervisor.

There is **no time limit** on when the education/training was received.

PEER RECOVERY WORK EXPERIENCE

REQUIRED: 500 hours of volunteer or paid work experience specific to peer recovery services.

Qualifying work experience is defined as providing individuals and family members in recovery with a support system to develop and learn healthy skills and gain access to needed community resources. Peer Recovery Specialists serve people in the recovery process by supporting them in accessing community-based resources, implementing self-directed recovery/wellness plans, and navigating state and local systems (including substance use and mental health treatment systems). They encourage individuals to develop a strong foundation in

recovery (e.g., establishing support systems, self-care, independence/self-sufficiency, healthy coping skills) that support long-term wellness and recovery. No other work experience in the behavioral health field can be used for peer recovery specialist certification other than what is stated above.

Qualifying work experience can be from multiple employers to accumulate the required years/hours. If the applicant's work experience requirement is not fulfilled from their current employer, they must include **documentation from previous employer(s)** verifying their title, duties and dates employed with their application. DO NOT submit a resume as proof of previous work experience. Applicant must contact previous employers and request detailed documentation of their employment from them.

The applicant **must be currently employed as a peer recovery specialist** at the time of application.

Time spent participating in or facilitating mutual support groups is not acceptable.

Examples of positions/titles that typically are not eligible for peer recovery specialist certification include but are not limited to sponsors, case managers, technicians, therapists, counselors, intake/admissions workers, drug court/probation and parole professionals, etc.

CURRENT JOB DESCRIPTION

REQUIRED: Copy of current peer recovery specialist job description, obtained from current employer, and which must be signed by both the applicant and their immediate supervisor.

All applicants must include a copy of their current peer recovery specialist job description. This **document is provided by your employer** and must be signed and dated by the applicant and their immediate supervisor.

Job descriptions determine and verify eligible current work experience. Job description must clearly delineate peer recovery support services as a primary function of the position.

If you have held different peer recovery specialist positions with your current employer, please provide all relevant job descriptions with the application.

In lieu of job description(s), employer may provide an official position description on agency letterhead. This required documentation must include the applicants' dates of employment (to/from) employment status (full-time or part-time), title of position, a detailed description of the duties and responsibilities for the position, and the average number of hours per week the applicant worked.

ON-THE-JOB SUPERVISION

REQUIRED: 25 hours of on-the-job supervision of qualifying work experience in the peer recovery specialist domains.

Supervision is a formal or informal process that is evaluative, educative, and supportive. It ensures quality of care and extends over time. Supervision includes observation, mentoring, coaching, evaluating, inspiring, and creating an atmosphere that promotes self-motivation, learning, and professional development. In all aspects of the supervision process, ethical and diversity issues must be in the forefront.

RICB has no requirements for who provides supervision. The person providing supervision is at the discretion of the agency and/or state requirements.

Supervision can be provided in an individual, one-on-one setting and/or observation of skills or group supervision setting.

Supervision can be provided by **more than one supervisor**. In this case, provide a copy of page 11 of this application to all the supervisors documenting supervision on your behalf.

LIVED EXPERIENCE

REQUIRED: Two years of sustained and continuous recovery time of your own personal lived experience with a substance use and/or mental health disorder or as a family member or loved one of a person or persons with a substance use and/or mental health disorder.
